

## Chase Masuda

I am honored to seek candidacy for the Honolulu Deferred Compensation Committee. I bring with me over 25 years of experience with the City and County of Honolulu, primarily within the Department of Finance as an Internal Control Auditor and Budget Analyst. These roles have provided me with a balanced foundation in fiscal management and financial planning.

Following my tenure in Finance, I served in the Department of Customer Services as the Satellite City Hall Administrator. This position deepened my commitment to public service and strengthened my ability to improve operations while enhancing customer satisfaction.

Through these experiences, I have developed a strong sense of accountability, a focus on efficiency, and a dedication to the needs of our community. As a member of the Deferred Compensation Committee, my goal is to use my knowledge and experience to improve communication, enhance service delivery, and help maximize the financial benefits available to all plan participants.
