

VBCPS 403(b) Plan Features & Highlights Guide

Whether you're new to saving or an experienced investor, the VBCPS 403(b) Retirement Savings Plan (the Plan), administered by Voya Financial®, is an important tool to help you realize your retirement goals. To make sure that you get the most out of your Plan, this enrollment guide explains the advantages of participating and how to get started.

The Plan offers great features, including:

- **Eligibility to Participate:** All VBCPS employees are eligible to contribute including full-time, part-time and temporary employees.
- **Easy Enrollment:** Contributions will be deducted from each paycheck starting with the month after you enroll, making it convenient for you.
- **Choices in How You Contribute:** You can make pre-tax contributions, after-tax (Roth) contributions, or a combination of the two. With **pre-tax contributions**, you can reduce your taxable income with tax-deferred contributions and earnings. Reasons to Start Saving Today

REASON 1: Your future is in your hands

The truth is we all have to take responsibility for our future and that includes making sure we have the income we'll need in retirement. Social Security won't cover your entire retirement, so funding the rest of your retirement paycheck is up to you through personal savings and other retirement income sources — including employer-provided plans such as your **VBCPS 403(b) Plan**. By contributing to the Plan now, you'll be taking a great step toward building your savings for tomorrow.

REASON 2: The sooner you start, the more you could have in retirement

Starting early can make a huge difference. The longer you save, the more you will save and the more time your savings will have to potentially grow—through investment returns that go back into your account where they can earn more, which is referred to as compounding.

REASON 3: You can make two different types of contributions—and invest in the way that's best for you

The 403(b) Plan puts you in control. Choose to contribute up to the IRS annual limit of your eligible pay in any combination. If you choose to contribute pre-tax, your before-tax savings, and any returns, grow tax-free until withdrawal. If you choose to contribute after-tax (Roth), your investments grow tax-deferred and you may enjoy tax-free income in retirement. Visit voyadelivers.com/irslimits for more information.

So, which option is right for you?

Jeff (Age 45):

Wants current tax break

Jeff considers himself in his “peak” earning years. He knows he won't be making this money forever, but wants to enjoy it while he can.

- Doesn't think he can afford to lose another tax deduction at this point
- Doesn't really like change anyway
- Expects tax rates to be lower when he retires

Comparing Jeff's options:

	Traditional Pre-tax 403(b)	Roth After-tax 403(b)
Gross income	\$75,000	\$75,000
Annual salary available to save:	\$10,000	\$10,000
Less taxes at 25%*:	-\$0	-\$2,500
Net yearly contribution (totals over 20 years):	\$10,000 \$200,000	\$7,500 \$150,000
Value at retirement (assumes 20 years of contributions at 6%)	\$378,900	\$284,200
Less taxes at 15%*:	-\$56,800	-\$0
After-tax value:	\$322,100	\$284,200
Considering: Traditional 403(b)		

Linda (Age 25):

Wants long-term tax-free growth

Linda just got out of grad school and is embarking on her new career. She feels good about the fact she's already starting to build up her savings.

- Isn't worried about the tax deduction now
- Confident her salary will increase over the years to come

Comparing Linda's options:

	Traditional Pre-tax 403(b)	Roth After-tax 403(b)
Gross income	\$35,000	\$35,000
Annual salary available to save:	\$3,000	\$3,000
Less taxes at 25%*:	-\$0	-\$750
Net yearly contribution (totals over 40 years):	\$3,000 \$120,000	\$2,250 \$90,000
Value at retirement (assumes 40 years of contributions at 6%)	\$478,200	\$358,700
Less taxes at 33%*:	-\$159,500	-\$0
After-tax value:	\$318,700	\$358,700
Considering: Roth 403(b)

Note: These are hypothetical illustrations for demonstration purposes only. They are not intended to (1) serve as financial advice and (2) imply the performance of any specific security. Contributions are subject to Internal Revenue Code limits. Systematic investing does not ensure a profit nor guarantee against loss. Investors should consider their ability to invest consistently in up as well as down markets. This example does not represent any specific product, nor does it reflect sales charges or other expenses that may be required for some investments. After tax value of traditional 403(b) assumes a one time lump sum distribution.

There are many reasons why a Roth 403(b), a Traditional 403(b) or a combination of both might be right for you. A lot depends on when you expect to be in a higher tax bracket – now or when you retire. You'll also need to factor in your current financial situation, future goals and personal attitudes as well. Visit voyadelivers.com/roth for additional information, saver scenarios and a helpful Traditional before-tax vs. Roth after-tax calculator.

Investment Options

You have a choice of investment options including Target Retirement Funds and individual core funds. You can choose to invest in any mix of the options available, and you can change your investment elections or the investment of your balance at any time. If you need assistance, take the **What Type of Investor Are You** questionnaire on the home page of the Plan website, under *Resource Center > Calculators > Investor Type*. Learn what type of investment portfolio “best” matches your investment personality.

Easy Fund Choice

If you like:

- A simple way to pick an overall investment solution that seeks to maximize assets for retirement, based on your tolerance for risk and your investment time horizon.
- A pre-diversified investment mix that is designed to continuously reduce risk exposure until the target date is reached.

Consider:

The Vanguard Target Retirement Funds*

You may select a Vanguard Target Retirement Fund with a year that is closest to the time you plan to retire. Target Retirement Funds provide a diversified portfolio with an investment mix appropriate for the time period from now through the date range for retirement, or the date the investor plans to start withdrawing money. Investors can select the fund that corresponds to their target date. Each fund’s investment mix automatically becomes more conservative (meaning a gradual transition to fewer stocks and more bonds) as the target year nears. This is designed for participants that want to make decisions but do not want to spend significant time monitoring funds and reallocating their investments.

If your birth year is:	Vanguard Target Retirement Fund is:
1947 and earlier	Vanguard Target Retirement Income
1948 – 1952	Vanguard Target Retirement 2020
1953 – 1957	Vanguard Target Retirement 2025
1958 – 1962	Vanguard Target Retirement 2030
1963 – 1967	Vanguard Target Retirement 2035
1968 – 1972	Vanguard Target Retirement 2040
1973 – 1977	Vanguard Target Retirement 2045
1978 – 1982	Vanguard Target Retirement 2050
1983 – 1987	Vanguard Target Retirement 2055
1988 – 1992	Vanguard Target Retirement 2060
1993 – 1997	Vanguard Target Retirement 2065
1998 and later	Vanguard Target Retirement 2070

Find more information about the funds, including historical performance, fund fact sheets, and more on the Plan website under *Investments & Research > Manage Investments*.

* Investments in Target Retirement Funds are subject to the risks of their underlying funds. The year in the Fund name refers to the approximate year (the target date) when an investor in the Fund would retire and leave the work force. The Fund will gradually shift its emphasis from more aggressive investments to more conservative ones based on its target date. An investment in the Target Retirement Fund is not guaranteed at any time, including on or after the target date.

Additional Plan information

Eligibility

All current full-time, part-time and temporary employees of VBCPS are immediately eligible to participate in the Plan. You do not have to wait for open enrollment.

Contributions

The Plan offers you the opportunity to save with before-tax and/or Roth 403(b) after-tax dollars. You can choose either or both, and change your contribution rate at any time.

- Visit voya.com/irslimits to confirm this year's maximum annual contribution limit for 403(b) plans.
- Rollovers from another employer's eligible plan or pre-tax IRA are accepted into the Plan at any time.

Roth 403(b) After-Tax Contributions

While you won't reduce your current taxable income as you do with before-tax contributions, qualified withdrawals of Roth 403(b) earnings are potentially Federal income tax free (subject to IRS rules).

For more information on the Roth 403(b) after-tax contribution option, visit voyadelivers.com/Roth.

Rollovers and Exchanges

Rollovers from a previous employer's 401(k), 403(b) or 457(b) are accepted, as well as exchanges from your current employer's prior plan. Please carefully consider the benefits of existing and potentially new retirement accounts and any differences in features. Rollover assets may be subject to an IRS 10% premature distribution penalty tax. Consult your own legal and tax advisors regarding your situation.

For assistance with Contract Exchanges and Rollovers, schedule an appointment with one of the local Voya representatives or contact the Voya Account Consolidation Team directly at **(866) 865-2660** or email act@voya.com.

Automatic Rate Escalator

You can choose to use the Automatic Rate Escalator to select regularly scheduled increases to both your before-tax and Roth 403(b) after-tax contribution rates. You have the choice to pick the percentage of increase, set a maximum contribution rate (Plan maximum is 75%), initial increase date and the frequency of subsequent increases. The frequency options are one-time, quarterly, semi-annually or annually. If you change your contribution rate, it will automatically cancel your rate escalator election.

Catch-up Contributions

If you are 50 years or older by December 31 of this year, you may use the Age 50 Catch-up provision which allows you to contribute an additional amount over the normal deferral limit. Log in to your account at [VBCPS403b.beready2retire.com](https://vbcps403b.beready2retire.com). Click *Accounts > Go to Account > Contribution & Savings > Manage Contributions* or call Voya at **(800) 584-6001**.

To confirm this year's maximum catch-up contribution amount, visit voya.com/irslimits to confirm this year's maximum catch-up contribution amount.

Beneficiaries

It's important to name the individuals or trust who will receive your account in the event of your death. If you are married, your spouse must be named as your primary beneficiary unless he/she consents otherwise and documentation is on file. Don't forget to set up a secondary beneficiary as well.

Log in to your account at [VBCPS403b.beready2retire.com](https://vbcps403b.beready2retire.com). Go to *My Profile* in the top right hand corner of your retirement account web page and choose *Personal Information* to add/edit your beneficiary information or call Voya at **(800) 584-6001**.

Change Investment Options

You may make changes to your fund selections at any time. However, each mutual fund has specific rules and guidelines that may restrict frequent transactions in and out of that fund. These rules and guidelines are generally included in the prospectus of each mutual fund. You can obtain prospectus(es) from your account at [VBCPS403b.beready2retire.com](https://vbcps403b.beready2retire.com). Click *Accounts > Go to Account > Overview > Statement & Documents*. or call Voya at **(800) 584-6001**.

Loans

You may have up to two loans outstanding under the Plan at any time. You may borrow up to 50% of your vested account balance, with a minimum of \$1,000 and a maximum of \$50,000 (subject to Plan rules). There is a \$75 loan origination fee per loan and a \$25 annual fee. This fee is deducted from your account balance. A loan will have an impact on the growth potential of your savings, and you will need to repay the loan amount plus interest through a bank draft. Once you have paid off your loan, you must wait one year before you can request a new loan.
